Argyle Music Association Cabaret Celebrating our 39th Year!

Dear Sirs and Madams:

In lieu of the 39th Annual Argyle Music Association Cabaret, we will be holding a Cabaret online silent auction which will be held on Sat May 8th, 2021. This gala event, historically held at Mulgrave School in West Vancouver, not **only** showcases the incredible talents of Argyle music students but also raises funds for graduating music student scholarships and bursaries. Despite the challenging circumstances from COVID 19 last year, we were able to award over \$5,000 in scholarships for graduating students in the music program in 2020, as well as bursaries. Due to the ongoing challenge of the Pandemic, we are holding our silent online auction again this year and we are hoping to meet and exceed our fundraising efforts this year.

Costs are covered partly by ticket price but we depend on generous donations from our community sponsors to support the Argyle Music Association (AMA) scholarship fund. Historically, the event is attended by up to 240 patrons and presents an excellent opportunity for community exposure. We hope that your business can help the AMA by supporting this event

We are seeking support through either Financial donations or Donations in kind for a ~~online~~ silent auction (travel, gift certificates, goods or services that relate to the business in question).

Your business will be acknowledged on the night of Cabaret, in the Cabaret Program, as well as mentioned in the Argyle Music Association Newsletter, Argyle PAC Facebook Page and on the Argyle Music Association Website www.argylemusic.ca

All donations are greatly appreciated and the Argyle Music Association thanks you for contributing to the success of our Cabaret evening.

Please contact me if you have further questions about this request on synaro@shaw.ca or 778 868-0533.

Donations deadline is the **30th, April 2021**.

Thank you in advance for your time and help,

Yours sincerely,

Suzann Millar,
Cabaret Fundraising Coordinator Argyle Music Association
